Best New Bras and Tips for the Perfect Fit

Glamour Mag Editor Helps Get You the Comfort, Cleavage and Curves You Want

Victoria's Secret BioFit, \$42-45

Personalized fit per cup size.

Colors: neutrals and brights, sizes 32B-C, 34-36A-DD, 38B-D

Victoria's Secret has taken everyday sexy to a whole new level by designing a bra that is personalized for each cup size for the ultimate naturally enhanced silhouette. For example, the placement of the padding in an A cup BioFit is more pronounced than in the C cup, which has considerably less. This cup is also shaped differently and positioned in a different part of the cup. The BioFit comes in a variety of sassy, bright spring colors like Hot Lips, Sugared Violet and Captain Navy. Wacoal iBra, \$50

Stitchless, seamless and tagless

Extremely lightweight

Sizes 32B-36D

Sleek, sexy and sophisticated, the iBra is designed with the most technologically advanced fabrics and manufacturing techniques. The iBra is the first completely stitchless, seamless and tagless contour bra available in the United States. The underwire is comfortably hidden and sealed between fabric layers, so there is never any exposed wire or stitching against the body. [Click here to see the Wacoal iBra.](#)

Le Mystere's Dos Nu Convertible Low Back Bra 1155, \$56

Can be worn three ways

Clear, fully adjustable straps

Colors: black and nude, sizes 32A-36 DD

The Dos Nu Convertible Low Back bra is a smooth, moulded, deep plunge cup bra that comes with multiple straps. It can be worn three ways with some of your sexiest tops: crisscross, halter and wide set, and is constructed from high-tech seamless, smooth microfiber. Once you've found the perfect bra, it's important to wash it carefully so that it doesn't lose its shape. Throwing it in the machine will disform most moulded cups, but handwashing is also a pain. Instead, try popping your bra into the Bra Ball and then tossing that into the machine. [Click here to see the Bra Ball.](#)
